Description

The Easygres 10mm Drill Bit Kit 4929 Rubi is the most economical solution for drilling holes of different diameters in ceramic tiles. Includes a wet cutting electroplated diamond drill bit, an easygres guide with centering sleeve and fixing adhesives. Allows you to drill stoneware, porcelain stoneware, granite, marble and glass in floors and walls. The average life is 10 holes and the drilling depth is 25mm. The side opening improves cooling and facilitates waste disposal. A speed of use between 400 and 1000 rpm is recommended. The guide easily adheres to any surface and has a water tank with a flow regulator tap for proper cooling. Ideal for users who need to drill holes in different materials precisely and efficiently.

Specifications

EAN	8413797049299
Manufacturer	RUBI
