Product sheet

Multiple socket French system 6 sockets + switch 3x1mm 1 meter white

Brand: GSC

Reference: GSC 100025007

Multiple socket with 6 sockets with French plug system, switch and 1 meter long cable. It supports a maximum power of 3680W and has child protection.

Main technical characteristics:

- Plug type: French, compatible with most plugs and electrical devices.
- Number of sockets: 6, with the capacity to connect several devices at the same time.
- Maximum supported power: 3680W, which allows you to use high-power devices without worrying about overloading the base .
- Cable: H05VV-F 3x1.5mm, a resistant and durable cable that offers great electrical conductivity.
- Color: white, a neutral color that adapts to any style of decoration.
- Cable length: 1 meter, a suitable length to place the base anywhere in the room.
- Side TT: yes, with a side ground connection that offers greater electrical safety.
- Switch: yes, to easily turn the multi-base on and off.
- Child protection: yes, to prevent electrical accidents in the home.
- Amps: 16A, an adequate electrical current for most devices.

Description

Multiple base with 6 sockets with French plug system, switch and 1 meter long cable, designed to connect various electrical devices safely and efficiently. This socket is ideal for homes, offices and any place that needs an efficient and safe power supply solution.

Main technical characteristics:

- Plug type: French, compatible with most plugs and electrical devices.
- Number of sockets: 6, with the capacity to connect several devices at the same time.
- Maximum supported power: 3680W, which allows the use of devices high power without worrying about overloading the base.
- Cable: H05VV-F 3x1.5mm, a strong and durable cable that offers great electrical conductivity.
- Colour: white, a neutral color that adapts to any style of decoration.
- Cable length: 1 meter, a suitable length to place the base anywhere in the room.
- Side TT: yes , with a side ground connection that offers greater electrical safety.
- Switch: yes, to turn the multi-base on and off with f acility.
- Protection for children: yes, to avoid electrical accidents at home.
- Amps: 16A, an adequate electrical current for most devices.

With its practical and functional design, this power strip is the ideal solution for connecting various electrical devices safely and efficiently in any home or office. In addition, its switch and child protection make it a safe and easy-to-use option for any user. With the ability to connect up to 6 devices, this power strip is perfect for meeting the power needs of any home or office.

Specifications

Colour	White
EAN	8433373024939
Manufacturer	GSC
Weight (kg)	0,283
Battery included	No
Maximum power (W)	3680W
Cable cross-section (mm²)	1
