Product sheet

Bagori LED ceiling light with motion sensor 16W 6000K

Brand: GSC

Reference: GSC 203610003

LED Ceiling Light Bagori with Motion Sensor *Smart and Efficient Lighting*

The **16W Bagori LED Ceiling Light** with motion sensor is a smart solution for indoor lighting. With a power of 16W, it emits **1150 lumens** with diffuser and **1300 lumens** without diffuser at an angle of **360 degrees**. Its built-in motion sensor allows automatic ignition when movement is detected, improving energy efficiency and comfort in your space.

Main Features:

- **Reference:** 203610003
- **Description:** Bagori LED ceiling lamp with motion sensor
- **Power:** 16W
- **Lumens with Diffuser:** 1150Lm
- **Lumens without Diffuser:** 1300Lm
- **Beam Angle:** 360º
- **Temperature:** 6000K (Cold light)
- **Working Temperature:** -20ºC/+40ºC
- **On Time:** Less than 1 second
- **Immediate Full Light:** Yes
- **CRI (Ra):** More than 80
- **MSDS:** Less than 6
- **Hg (Mercury):** 0.0
- **Current:** 46mA
- **On/Off:** 20,000 cycles
- **IP Protection:** IP20 (Indoor use)
- **Power Consumption:** 0.5W
- **Standby Consumption (PSB):** 0.45W
- **Detection Angle:** 360º
- **On Time (Sensor):** ±3 seconds to 5 minutes ±1 minute
- **Detection Distance:** Maximum 9 meters (Radius)
- **Installation Height:** 2.2-4 meters
- **Ambient Light:** Less than 3-2000 lux

(Dimmable)

- **Vel. Movement:** 0.6-1.5 meters per second
- **Material:** Plastic
- **Life Hours:** Up to 30,000 hours
- **Voltage:** 220-240V
- **Frequency:** 50Hz
- **Dimensions:** Ø290x60mm

Description

Bagori LED Ceiling Light with Motion Sensor - Smart and Efficient Lighting The Bagori LED Ceiling Light with motion sensor redefines the way that you experience lighting indoors. With a combination of advanced technical features and modern design, this ceiling light offers a complete solution to improve lighting in your space while optimizing energy consumption. Bagori LED Ceiling Light with Motion Sensor offers a smart approach to lighting indoor. With its ability to emit up to 1,300 lumens at a 360-degree angle, it ensures bright, even lighting throughout your environment. The 6000K cool light temperature is ideal for spaces where bright, energizing lighting is required. The integrated motion sensor is a key feature that increases the ceiling's efficiency. It detects movement at a 360 degree angle and automatically turns the light on when a presence is detected, which is ideal for corridors, stairs and other areas of passage. With adjustment options such as on time and sensing distance, you can customize the sensor's response to your needs. The ceiling light's sleek, modern design complements any interior décor style. Plus, its ability to dim ambient light between 3 and 2,000 lux adds versatility to your environment, letting you tailor lighting based on activities and preferences. With a lifespan of up to 30,000 hours and low power consumption On standby, the Bagori LED Ceiling Light with motion sensor is a reliable and efficient solution that contributes to energy savings and improves comfort in your space. From homes to commercial places, this ceiling light offers significant benefits by reducing consumption, maintaining brightness and providing intelligent lighting that adapts to your needs.

Specifications

Colour	White
EAN	8433373061385
Manufacturer	GSC
Weight (kg)	0,82
Battery included	No
Type of installation	Surface
Colour temperature	6000
