Description

Lever type Riveter Nuts m-5 to m-10

The professional lever type Riveter for rivet nuts is a high quality and resistant tool, ideal for use in automotive, industries and special fixings. With a heavy-duty aluminum body, steel handles, and quick-action ejector lever, this riveter offers riveting capacity from M-5 to M-10. In addition, it has several interchangeable nozzles depending on the caliber of the rivet, which makes it versatile and easy to use. Thanks to its good lever length, it requires little force for its operation, which makes it an efficient and comfortable tool to use.

- Professional lever-type riveter
