## Description

KORPASS LED Wall Light Rechargeable 2W Grey Discover the efficiency and versatility of the KORPASS LED wall light, an ideal lighting solution for any interior space. This wall light combines a modern and compact design with exceptional functionality, offering a light flow of 150 lumens that is perfect for illuminating specific areas of your home or office. Its elegant grey finish easily integrates into any decor, providing a contemporary and sophisticated touch. One of the most outstanding features of the KORPASS LED wall light is its twilight and motion sensor. This innovative system guarantees efficient use of energy, as the wall light switches on automatically when it detects movement in low light conditions. This not only contributes to energy savings, but also provides comfort and safety by automatically illuminating spaces when you need it most. The 2000 mAh rechargeable battery is another of the great benefits of this wall light. With a long lifespan, it ensures hours of continuous lighting without needing to be connected to a constant power source. This makes it a practical and

flexible option, especially in areas where access to sockets is limited. The KORPASS LED wall light is easy to install, allowing you to enjoy its benefits without complications. It includes adhesive and magnet, offering multiple mounting options to suit your specific needs. It also has IP20 protection, making it suitable for indoor use, protecting it from dust and ensuring its durability. Power: 2W Light flux: 150 lm Twilight and motion sensor Rechargeable battery: 2000 mAh Protection: IP20 Includes adhesive and magnet The KORPASS LED wall light is the perfect choice for those looking for efficient, modern and easy-to-use lighting.
