Description

The Ergo Cellfast Double Tap Distributor is a gardening accessory made of high quality ABS that allows you to connect two hoses individually or a hose and a watering can at the same time. Connecting to the garden tap, this distributor has two individualized taps that allow you to regulate the water output flow independently, providing greater comfort and versatility in watering your garden.

- Made in High quality ABS
- Connection to a garden tap with thread in two sizes
- Allows you to connect two hoses individually or a hose and a watering can
- Two taps individualized to regulate the water output flow
- Provides greater comfort and versatility in garden irrigation
