Description

Titanlux's 250ml 551 Navy Blue Enamel is the perfect choice for those looking for a long-lasting, glossy finish on their painting projects. Featuring a high-quality synthetic formula, this enamel offers excellent resistance and color stability, ensuring your work looks flawless for a long time.

Ideal for beautifying and protecting surfaces such as iron, metal, wood or plastic, this synthetic enamel is versatile and reliable. Its application is simple and its quick drying, allowing you to complete your projects efficiently and with professional results.

Thanks to its solvent-based formula, this navy blue enamel guarantees uniform and long-lasting coverage, resistant to the elements and daily wear and tear. Whether you're refurbishing furniture, decorating your home or working on a DIY project, this Titanlux enamel will give you the quality and finish you need.

Don't miss the opportunity to experience the excellence of this synthetic enamel. With Titanlux, you can rely on the durability and performance of your painting projects, achieving a professional and elegant look in every application.
