Description

The Hedgehog-LTSCV100 File is an essential tool for sharpening saws, designed with a triangular cross-section featuring edges that converge at one end. This file is ideal for sharpening handsaws, band saws, and any other type of saw with teeth at a 60-degree angle. Its simple cut design and three notched edges allow for precise and efficient sharpening, ensuring optimal cutting performance. The quality of the materials used in its manufacture ensures durability and strength, making it a reliable tool for professionals and DIY enthusiasts.
