Description

The Powerplus POWX0618 deburring machine is a powerful and durable tool, designed to meet the needs of the most demanding jobs. With a power of 2450W and a 230mm disc, this deburring machine guarantees optimal performance in cutting and roughing, both in soft and hard materials.

One of the advantages of this deburring machine is its plastic case, which makes it easy to transport and store safely and in an organized manner. In addition, its 3-meter cable provides greater comfort and freedom of movement during work, without restrictions.

This tool is perfect for both professionals and amateurs looking for quality and durability in their projects. Its robust and efficient design guarantees prolonged and effective use, without compromising precision in finishes.

With the Powerplus POWX0618 deburring machine, you can carry out your cutting and roughing tasks with total confidence and precision, obtaining professional results every time. Don't settle for less and choose a tool that offers you the power and quality you need.
