Description

The aluminum standard countersunk rivets 4 x 8 mm are the perfect solution for efficiently joining different materials. Their 120º countersunk design allows for perfect alignment, ideal for applications where no specific tightening is required.

We recommend their use in construction, repair, and lightweight structure manufacturing projects. These rivets are compatible with a wide variety of materials, ensuring a durable and secure connection.

Get this pack of 1000 units and optimize your projects with a quality tool.

Specifications

Colour	aluminium
EAN	8445187059649
