Description

The 4mm hole punch is a hand tool designed to drill and create precise holes in polyethylene (PE) pipes, facilitating the installation of efficient irrigation systems. Its ergonomic design and advanced functionality make it a reliable choice for professionals in the agricultural and gardening sectors.

- Drilling diameter: 4 mm, suitable for inserting drippers into irrigation systems.
- Non-slip plastic handle that provides a secure and comfortable grip during use.
- Includes a trigger that allows the excess plastic to be efficiently ejected, ensuring clean and precise work.
- Available in five different diameters to adapt to various drilling needs.
- EAN13 code: 8432453030013, guaranteeing its identification and traceability in the market.
