Description

The solid mixed plug is an essential component in irrigation systems, designed to interrupt the flow of water efficiently. Made from high quality materials, this fitting ensures durability and optimal performance in a variety of environmental conditions.

- Material: Polypropylene (PP), known for its strength and durability.
- Dimensions: Available in 12mm, 15mm, and 16mm sizes.
- Thermal resistance: Withstands both high and low temperatures, ensuring reliable operation in a variety of climates.
- Mechanical resistance: Designed to withstand pulling and tearing, providing a secure and stable connection.
- Installation: Its design allows for quick and easy installation, optimizing assembly time.
- Color: Black, making it easy to integrate into a variety of irrigation systems without compromising aesthetics.
- EAN13: 8432453012002, for easy identification and inventory management.
