Simon 82 key with neutral graphite display SIMON 8200013-038

Brand: SIMON

Reference: SIMON 8200013-038

Individual key for S. 77 mechanisms, combinable with the 82972 and 82982 graphite Simon 82 visors. For compatible mechanisms in the Simon 77 range, we have this individual key with the 82972 and 82982 graphite visors, which you can find in the Simon 82 series. The display of the individual key is neutral, so you can use any symbol strip to dial according to the function of the switch. The design of the Simon 82 series stands out for its minimalist design with noble finishes and an extensive range of textures for its elements. You have six finishes, it is recommended that the color of the key socket is the same as that of the frame. It is suitable for surface and flush mounting in your installation thus facilitating the task of installing and making the adaptation of the element much easier. The dimensions of the product are 55x55mm. Cleaning the item is essential to always keep it looking like new. To do this, simply wipe the surface with a soft, clean cloth without dampening it with any type of liquid, and you will always keep Simon's design in your home impeccable.
