Description

The 2.5 meter angled TV extension cable is an efficient solution for connecting television devices to the antenna socket. Designed to offer a stable and high-quality connection, this coaxial cable is a reliable option for improving signal reception in home entertainment systems.

- Cable impedance: 75 Ohms, optimized for the transmission of television signals.
- Angle MH connectors, which facilitate connection in confined spaces and avoid tension on the cable.
- Color: white, which blends discreetly into any home environment.
- Available in two lengths: 1.5 meters and 2.5 meters, to adapt to different installation needs.
- EAN13 code: 8432453050608, for easy identification and reference in inventories.
