

## Product sheet

### Simon 82 key with white light display SIMON 8200016-030

Brand: SIMON

Reference: SIMON 8200016-030

Individual key with visor and light engraving for mechanisms S. 77 white Simon 82. The individual key in white with visor and light engraving included for 77 series mechanisms, you will find it available in a total of six different finishes, although we always recommend that the chosen frame matches the color of the key socket. For its placement you can choose to embed it or place it on a surface. Made of thermoset material, this piece complies with current UNE-EN 60669-1: 2002 + A1: 2003 + A2: 2009 regulations, and can withstand temperatures ranging from 5 to 40º, and maximum temperatures of -25 and 50º. We recommend using a cloth dampened in soapy water to wash the key. Under no circumstances should you use abrasive products that contain chlorine in their formulation, as they could cause serious aesthetic damage to the piece.
