Description

The 2.5A step switch in black is an efficient solution for managing current flow in low-current electrical circuits. Designed to offer simple and safe control, this switch is suitable for various applications in indoor environments.

- Maximum intensity: 2.5A and 250V, suitable for low-power circuits.
- Two-pole switch, allows the electrical circuit to be interrupted and resumed with a single button, ensuring safe and efficient handling.
- Black color, which easily integrates into different interior decoration styles.

Specifications

Rated current (A)	2.5
Colour	Black
EAN	8435240705323
