Simon 82 key with graphite display SIMON 8200011-038

Brand: SIMON

Reference: SIMON 8200011-038

Individual key with display for mechanisms S. 77 graphite Simon 82. This individual key with display for mechanisms of the Simon 77 series in graphite color corresponds to the Simon 82 series. It is presented in individual format and is available in 6 different finishes. The manufacturer recommends choosing a frame that is the same color as the socket for the selected key. The product is made of thermoplastic and has dimensions of 55x55mm. It is resistant to extreme temperatures and has been designed to withstand between -25 and 50º, although the ideal is for the ambient temperature to be between 5 and 40º. The article complies with current regulations and is suitable for surface and embed. It is convenient to follow some guidelines for its proper maintenance. We recommend using a soft cloth slightly moistened in soapy water. Also, it is not recommended to use chlorine-containing cloths and/or abrasive cleaners.
