Product sheet

Neutral button key Simon 82 ivory SIMON 82013-31

Brand: SIMON

Reference: SIMON 82013-31

Individual key can be combined with the 82972 and 82982 ivory Simon 82 visors. With ivory finishes and measures 55x55mm, this individual key is specifically designed to combine with the 82972 and 82982 visors from the Simon 82 series. You will find it available in total up to 6 different finishes, although we always recommend that the frame be the same color as that of the chosen key socket. This piece is suitable to place on a surface or to embed. With the aim that our products are of the highest quality, this piece complies with the demanded regulations. In addition, thanks to its manufacture in thermoplastic material, it can withstand temperatures of up to -25 and 50ºC, although for its optimal operation it is recommended to keep it between 5 and 40ºC. To wash it, dampen a cloth slightly in a soapy water solution. We do not recommend any type of product that contains chlorine in its formulation.
