Neutral push button Simon 82 aluminum SIMON 82013-33

Brand: SIMON

Reference: SIMON 82013-33

Individual key can be combined with the 82972 and 82982 aluminum Simon 82 visors. The Simon 82 series is a new collection of technological elements with a minimalist design, noble finishes, providing simplicity and balance that creates trends. They also have an extensive range of textures. This time it offers us an individual key that can be combined with the 82972 and 82982 visors in aluminum color, you can choose up to 6 different finishes and obtain a perfect set for each corner of your home, it is recommended to choose the frame of the same socket color as the selected key and for its installation you must take into account the following dimensions of the 55x55mm key, it is also suitable for surface and flush mounting. If you want to have your electronics in this range as new just use a soft, dry cloth. avoid using cloths and/or abrasive cleaners that contain chlorine. The average temperature ranges between 5 and 40°C and can reach a maximum temperature between -25 and 50°C
