Group key 1 switch + 1 button Simon 82 ivory SIMON 82027-31

Brand: SIMON

Reference: SIMON 82027-31

Double key for group of 1 switch and 1 button with ivory bell engraving Simon 82. The Simon 82 series has a minimalist design with noble finishes and a wide range of textures that adapt to each of the spaces. In this range, the double key for group of a switch and an ivory button stands out. With dimensions of 55x55mm, it includes a bell engraving. It has been manufactured with the best thermoplastic components on the market. This double key can be found in our catalog in six different finishes. A damp cloth is enough to maintain its structure as the first day. The Simon 82, which stands out for its good prices, is compatible with the most advanced functions that make a space more comfortable, such as light, multimedia or sound regulation, a small sample of its great potential. In addition, all the products in this range use the mechanisms of the Simon 75 series.
