Description

The BITFLEX Witte-28023 Phillips bit is a high-precision tool designed to deliver exceptional performance in screwdriving applications. Its innovative recessed area, known as the "flex" zone, allows the bit to absorb torque overloads, protecting the tool from potential damage and extending its lifespan. This feature is especially useful in high-torque applications, as it minimizes the risk of breakage or premature wear. The short 1/4" guide provides greater versatility and ease of use in confined spaces, making it an ideal choice for professionals and DIY enthusiasts.

- **Model:** Witte-28023
- **Tip Type:** Phillips (PH3)
- **Length:** 25 mm
- **Guide:** 1/4" short
- **Flex Zone:** Designed to absorb overloads
- **Material:** High-quality steel
- **Use:** Ideal for high-torque screwdriving applications
- **Durability:** Increased thanks to its innovative design
- **Compatibility:** Compatible with 1/4" screwdrivers
- **Applications:** Professional and DIY
