Description

Vatton VDE flat screwdriver, designed specifically for safe electrical work. This tool is approved to operate in installations up to 1000 V, ensuring user protection during tightening and loosening of screws with flat head.

Technical characteristics

- Mark: Vatton
- Tip type: Plana PL4
- Rod length: 100 mm
- Sheet material: S2 steel
- Handle material: PP + TPE injection
- Standard met: IEC 60900
- Approval: Up to 1000 V
- Units per pack: 6
- EAN: 8425160522193

The combination of S2 steel on the blade and the PP + TPE double component handle offers a robust and ergonomic tool. Its design complies with the IEC 60900 standard, ensuring the necessary insulation for precision electrical tasks.

Specifications

Insulation voltage	1000 V
EAN	8425160522193
Manufacturer	VATTON
Long	100 mm
Material	Acero S2
