Product sheet

KUKKO 2-Legged Bearing Puller with Adjustable Depth 350 x 200 mm

Brand: Kukko

Reference: TUR 20-30-P3

The Kukko-20-30-P3 bearing puller is a versatile, two-legged tool with adjustable clamping depth. It allows for both internal and external extraction and is suitable for asymmetrical parts. Its robust design ensures stability and easy handling in a variety of applications.

Description

The **Kukko-20-30-P3** is a 2-leg, multi-purpose universal bearing puller designed to offer a versatile and efficient solution for removing machined parts. With dimensions of 350 x 200/300/400 mm, this puller stands out for its variable clamping depth, thanks to the extraction hooks that allow it to adapt to different lengths. Its innovative design allows it to be used as both an external and internal puller simply by rotating the extraction hooks, making it an ideal tool for asymmetrical parts.

The robustness and reliability of the original KUKKO design have been proven over the years, guaranteeing superior performance in various applications. The puller legs remain constantly parallel in every position, ensuring that only the support surfaces come into contact with the part to be extracted, minimizing the risk of damage.

The crossbar, suitable up to size -30, features a hexagonal head that provides a better grip.

Furthermore, the spindle depth stop prevents the wrench from slipping, ensuring maximum stability during use. This puller includes a tube of special Kukko grease to keep the spindle properly lubricated, and its new, optimized guide rail geometry facilitates movement and secure leg attachment.

- Universal puller with multiple legs
- Original KUKKO design
- Parallel legs in every position
- Robust finish and high performance
- Universal application with interchangeable legs

- Use as an external and internal puller
- Depth stop to prevent slippage
- Hexagonal head for better grip
- Includes tube of special Kukko grease
- Optimized geometry for easy movement

Specifications

High	6,50
Width	42,00
EAN	4021176003011
Manufacturer	Kukko
Weight (kg)	17,1000
Depth	51,50
