Front cover with 3 modules for K45 columns ALK72x / 8 SIMON RALK014 / 8

Brand: SIMON

Reference: SIMON RALK014/8

Three-meter front trim cap for oval double-sided column in aluminum finish from the Simon K45 series stands out for the avant-garde lines with which its structure has been designed. It has dimensions of 3000x45x14mm and its easy cleaning allows to avoid oxidation of its structure under conditions with high degrees of temperature or relative humidity. We are dealing with a product designed as a replacement, in case of loss or replacement of it in the electrical and electronic systems of private homes, commercial premises or company headquarters. This cover is compatible with the oval double-sided column. In addition, Simon supplies extruded anodized aluminum with this product. Its low price allows it to be included in new construction or reform projects in homes with all kinds of budgets.
