British plug cover Simon 82 with white switch SIMON 8200046-030

Brand: SIMON

Reference: SIMON 8200046-030

Cover with safety device for the British socket base with white switch Simon 82. The use of the cover with safety device is for the British socket base with switch in white finish incorporated and which belongs to the Simon 82 series. This new collection has a wide variety of designs that can be combined to fit in any space in your home and be able to show them off with elegance. Its installation can be in two ways since it is suitable for surface and flush mounting. There are also up to 6 different finishes of said lid that you can combine as you wish. Installation is made easier thanks to the compatibility with the Simon 77 series mechanisms, which means that you only have to carry out two simple steps that consist of inserting and tightening the mechanism so that it is securely fixed, and then install the different elements that go on its surface, in this way it will leave the product working in the blink of an eye.
