Two-tone diffuser cover Simon 82 graphite SIMON 82096-38

Brand: SIMON

Reference: SIMON 82096-38

Two-tone diffuser plate for the pass-wait solution graphite Simon 82. Two-color diffuser plate for the pass-wait solution with a graphite finish, it has measures of 55x55mm that must be taken into account when installing, which can be attached to the surface and even embed it where you want it most. The plate is available in six elements, which you can find in the in the caps/keys category and also find other elements of the Simon 77 series that have high compatibility with the Simon 82 series. The manufacturing material is thermoplastic with a range with an average temperature between 5 and 40ºC, reaching a maximum temperature of -25 to 50ºC. The Simon 82 series stands out for its wide variety of minimalist designs, range of textures and noble and avant-garde finishes. They offer us great comfort when cleaning since it will look like new using a soft cloth slightly moistened in water with a pinch of soap
