Two-tone diffuser cover Simon 82 matt aluminum SIMON 82096-33

Brand: SIMON

Reference: SIMON 82096-33

Two-tone diffuser plate for the Simon 82 aluminum pass-wait solution. Two-color diffuser plate for the Simon 82 series aluminum pass-wait solution. With dimensions of 55x55mm, the item is made of galvanized thermoplastic, a temperature resistant material extreme, although the manufacturer recommends that it be installed at an ambient temperature of between 5 and 40°. The two-color diffuser plate is available in 6 finishes to suit the needs and preferences of each client. Remember to choose a frame of the same color as the base of the plate for a better result. The product comes in one-unit packs and is ready to surface mount and flush mount. Its installation is not complicated and can be easily done in just a few minutes. The plate has been made in line with current regulations. For maintenance, you can clean it with a soft, dry cloth. Of course, the use of abrasive cleaning products containing chlorine is not recommended.
