OFIBLOCK DIN rail fixing bracket SIMON KSF5

Brand: SIMON

Reference: SIMON KSF5

Individual fixing bracket on DIN rail for the Ofiblock Plus and Ofiblock Compact aluminum profiles of the Simon K45 series. It is made of halogen-free, self-extinguishing thermoplastic material that guarantees non-propagation of flames, in case of fire, and low toxicity, in case of smoke emission. It perfectly complies with the European regulation UNE-EN 60. 670-23 and can be placed in rooms with a temperature between -5 to 60°C, although it is capable of withstanding higher extreme temperatures. Its dimensions are 44x46x36.5mm and to clean this support, you will only have to do it with a soft and dry cloth, without ever having to use cloths or abrasive cleaners that contain chlorine in their formula, as they could cause the support to be damaged and that it did not perfectly fulfill its function.
