Table fixing support for teleblock K45 SIMON KTLA4

Brand: SIMON

Reference: SIMON KTLA4

Fixing support for telescopic profiles with manual lift Teleblock Simon K45. With graphite finishes and measurements of 108x101mm, the fixing bracket for Teleblock manual lifting telescopic profiles is part of the Simon K45 series. This piece is made of self-extinguishing thermoplastic materials and is completely halogen-free in order to guarantee the non-spread of flames in case of fire, as well as low toxicity if any smoke emission occurs. Therefore, this piece works normally at temperatures between -5 and 60°C, and can even withstand more than those 60°C. All this shows why the Simon K45 series has become one of the series preferred by the most demanding. And it is that our constant effort to innovate and always offer the best quality and guarantee have allowed our company to establish itself as a leading brand in the sector.
