Description

The GT Line-AIBOX3.E is an empty inner drawer/case designed specifically for the ALL.IN.ONE model, with a height of 30 cm. Made of high-strength polypropylene, this product is shockproof, guaranteeing the protection of your components and accessories at all times. Its design allows for easy insertion into the ALL.IN.ONE case by removing the transparent top lid, facilitating access and organization of stored items.

AIBOXES are available in various configurations, including options with two-tone pre-cut foam, empty, or with a set of small boxes for storing small components.

Each drawer-case is highly practical and durable, ideal for professionals who require an efficient and secure storage system.

- Material: Shockproof polypropylene
- Height: 30 cm
- Available height options: 30, 60, and 95 mm
- Stackable design to optimize space
- Transparent lid for easy identification of contents
