Product sheet

WITTE plastic tips 25 mm PH 0 in a practical and resistant box.

Brand: Witte

Reference: TUR 427018

Witte-427018-25 25mm (PH 0) screwdriver bits in a plastic case. Made of high-alloy steel, they guarantee optimal torque transmission. Their precise design and hardening process ensure durability and performance in screwdriving applications.

Description

The Witte-427018-25 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Manufactured from high-alloy steel, these bits benefit from state-of-the-art technology and machinery, ensuring their durability and effectiveness. The subsequent hardening process, combined with precise geometry, allows for optimal torque transmission, ensuring that each screw is tightened securely and efficiently. The intrinsic quality of the bits, along with a perfect fit on the screw head and correct application, are key factors that determine the lifespan and performance of each bit.

- **Material:** High-alloy steel
- **Length:** 25 mm
- **Head type:** PH 0
- **Manufacturing process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for better torque transmission
- **Durability:** High, depending on quality and application
- **Use:** Ideal for screwdriving in various applications
- **Fit:** Perfect fit on the screw head
- **Presentation:** Plastic box for easy storage

Specifications

High	2,00
Width	5,00
EAN	4003955310510
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,1400
Depth	8,50
