Product sheet

WITTE bits in plastic box 50 mm, length 50 mm, type PL 4.5.

Brand: Witte

Reference: TUR 4275119

Witte-4275119-5 50mm screwdriver bits, made of high-alloy steel. Their advanced technology ensures optimal torque transmission. Designed for a perfect fit on screws, they offer durability and performance in screwdriving applications.

Description

Witte-4275119-5 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Manufactured from high-alloy steel, these bits benefit from state-of-the-art technology and machinery, ensuring their durability and effectiveness. The subsequent hardening process, combined with precise geometry, allows for optimal torque transmission, ensuring that each screw is tightened securely and efficiently. The longevity of these bits is directly related to their intrinsic quality, the perfect fit on the screw head, and their correct application during use.

- **Material:** High-alloy steel
- **Length:** 50 mm
- **Type:** Screwdriver bits
- **Geometry:** Precise for optimal torque transmission
- **Manufacturing process:** Modern technology and machinery
- **Durability:** High, thanks to post-hardening
- **Compatibility:** Ideal for a wide range of screws
- **Use:** Recommended for professional and domestic applications
- **Fit:** Perfect fit on the screw head to prevent slippage
- **Presentation:** Small plastic box for safe storage

Specifications

High	2,00

Width	5,00
EAN	4003955453675
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,0600
Depth	8,50
