Description

The Erizo-LTSCV30 file is an essential tool for sharpening handsaws, band saws, and other types of saws with 60-degree angled teeth. Its triangular cross-section design, with converging edges at one end, allows precise access to the saw teeth, ensuring efficient and effective sharpening. With a single cut and three cut edges, this file is designed to deliver optimal performance in a variety of sharpening applications, ensuring saws maintain their effectiveness and extend their lifespan.

- **Tool Type:** Triangular File
- **Dimensions:** 3 inches
- **Sharpening Angle:** 60 degrees
- **Cutting:** Single
- **Edges:** Three cut edges
- **Applications:** Sharpening handsaws, band saws, and other types of saws
- **Material:** High-quality steel
- **Use:** Professional and home use
- **Durability:** High wear resistance
- **Maintenance:** Easy to clean and maintain
