Simon 82 board for 2xUSB 2.0 connector type-A white SIMON 8201090-030

Brand: SIMON

Reference: SIMON 8201090-030

Board for 2 white USB 2.0 connectors 0 type A Simon 82. The white USB board for the Simon 82 series has 2 USB 2.0 connectors so you forget to carry the charger for your electronic products. You will find this piece available in 6 different finishes. Even so, we recommend that the frame to be used with the plate is the same shade as that of the socket of the selected plate. It is suitable for placing on a surface and for embedding. Made of high quality thermoplastic material and measuring 55x55mm, this piece withstands temperatures between 5 and 40° C at full capacity, being able to withstand maximums of up to -25 and 50°. For an ideal care of the material, use a soft and slightly moistened cloth, avoid at all times any type of abrasive product that has chlorine in its formulation, since it could damage the appearance of the piece.
