Product sheet

4-socket multi-socket with switch, 3m cable, 3G1.5mm, 3500W

Brand: FABRILAMP

Reference: FAB 166421430

Multiple socket with 4 outlets and a circuit breaker with indicator light, in WHITE, with a 3-meter flexible 3-wire copper cable (1.5 mm²) and child safety protection. Maximum power rating: 3500 watts and 16 amps. Made with durable materials such as polypropylene and copper. Allows you to connect multiple electronic devices simultaneously at a distance of 35 to 320 centimeters. A wide range of extension cords of different cable lengths, with and without circuit breakers, with and without USB ports, single or multiple, and even retractable, are available on our website.

Description

The multi-socket power strip with four sockets and a switch is a practical and safe solution for connecting electronic devices. Its white design blends seamlessly into any environment, while its 3-meter cable allows for greater flexibility in equipment placement. This power strip is equipped with an illuminated power switch, making it easy to use and providing an extra level of safety.

- Four sockets for connecting multiple devices simultaneously.
- Illuminated power switch for easy energy control.
- 3-meter cable, made with 3 copper wires of 1.5 mm².
- Maximum power of 3500 watts and current of 16 A.
- Child protection for added safety in environments with children.
- Durable materials, including polypropylene and copper, ensure durability.
- Connect devices at distances ranging from 35 to 320 centimeters.

Specifications

High	5
Width	5

Colour	White
EAN	8435161461513
Manufacturer	FABRILAMP
Material	Copper
Measures	5X5X35
Weight (kg)	13,12
Depth	35
Cable cross-section (mm²)	3G1.5
Nominal voltage (V)	230V
