Pack teleblock K45 cuisine SIMON KTL212

Brand: SIMON

Reference: SIMON KTL212

Teleblock telescopic profile with manual lift configured aluminum Simon K45. The configured Teleblock telescopic profile with manual lift configured in the Simon K45 series features quick terminal connection and 2 modules in a piece of furniture with graphite finishes. It is a solution whose profile is made of anodized aluminum, whose upper and lower fastening and closing supports are made of self-extinguishing, halogen-free thermoplastic. In this way, the non-spread of flames in the event of a fire and a minimum toxicity in the case of smoke emission are guaranteed. This profile has measurements of 103x60x242mm, is suitable for embedding in furniture and is compatible with elements of up to 16A voltage and 250V intensity. To complete the installation of this product, it must be combined with the cover and trim frame whose references are KTLA1/14 or KTLA1/31.
