Product sheet

Pack K45 teleblock with automatic elevation category 6 UPT SIMON KTLE216U

Brand: SIMON

Reference: SIMON KTLE216U

Teleblock telescopic profile with automatic lift configured with 2 category 6 UTP RJ45 aluminum Simon K45. Comfort and innovation come together in the Teleblock telescopic profile of the Simon K45 collection, with automatic lift that guarantees maximum efficiency for eventual connections, it adapts to all types of furniture and decorative styles thanks to its aluminum finishes. Configured with 2 category 6 UTP RJ45 connectors, its socket is Schuko type and compatible with Keystone I and II clip. It has a dimension of 103x60x377mm and includes a blanking plate and 2 22.5x45mm plates for greater comfort in internal wiring distribution. It is compatible with power supplies of 250 Volts of tension and 16 Amps of intensity and consists of 2 bases for standard circuit and 2 bases for stabilized current circuit (UPS). Manufactured with anodized aluminum profile and fixing bracket and closure of halogen-free self-extinguishing thermoplastic, it protects the room in case of fire, avoiding the spread of flame and smoke toxicity.
