MD module for 1 BELDEN-CDT connector MDVO SIMON MD68

Brand: SIMON

Reference: SIMON MD68

Module for 1 RJ45 from BeldenCDT® (Nordx®) of the Simon 500 Cima series has been exclusively designed to combine with inclined voice and data plates, also being compatible with the elements of the Simon K45 collection. This mechanism offers measures of 32x20x10mm and a thickness of 10mm, but the best thing is its manufacture with halogen-free thermoplastic materials to guarantee the non-propagation of flames in case of fire, in addition to minimal toxicity from smoke emission. If you are looking for safe and advanced solutions for your home, you will surely fall in love with our Simon 500 Cima collection, since it offers maximum security in mechanisms for the home. And it is that thanks to the self-extinguishing properties of our elements, you will enjoy your home with complete peace of mind. Trust our professionals and don't worry about everything.
