Description

The**ndis soft-shell tech jacket, size S, gsgf 02412gsgf1s**is a garment designed to offer exceptional performance in adverse weather conditions. Made from a high-quality 330g polyester and spandex fabric, this jacket provides high elasticity and comfort, allowing for optimal freedom of movement. Its waterproof technology ensures you stay dry, while the removable, double-adjustable hood offers versatility and additional protection from wind and rain. Abrasion-resistant reinforcements on the shoulders and elbows guarantee greater durability, making it ideal for outdoor activities. It also features reflective elements and a reflective logo that increase visibility in low-light conditions.
