Description

The 60cm Magnetic Airplane Wing Level Plus is an essential tool for professionals and DIY enthusiasts seeking precision and durability in their projects. Made with an aluminum alloy body, this level combines lightness and strength, making it an ideal partner for demanding jobs. Its design includes a magnetic base that allows for secure attachment to metal surfaces, facilitating its use in various applications.

This level features an adjustable horizontal bubble, ensuring greater accuracy in measuring and aligning surfaces. Its high impact resistance guarantees long-lasting performance, even in harsh working environments.

Furthermore, the epoxy coating provides additional protection against wear and enhances its aesthetics, making this level not only a functional tool but also an attractive one.

- Aluminum alloy body
- 60 cm length
- Magnetic base for attachment to metal surfaces
- High impact resistance
- Adjustable horizontal bubble level
- Epoxy coating for increased durability
- Lightweight and ergonomic design
- Ideal for professional and DIY use
- Accurate vertical and horizontal measurements
- Versatile in various applications
