Battery-Powered Light and Fan with 12 LEDs and Hook

Brand: GRUNDIG

Reference: EDM 73210

The battery-powered light and fan is a multifunctional device designed for outdoor activities such as camping and hiking. Made of ABS, this product features 12 cold LEDs that provide efficient and adjustable lighting at a 360-degree angle. Its integrated fan offers a constant airflow, enhancing comfort in hot environments. It operates on 3 AA batteries (not included), allowing for continuous operation of up to 30 hours, ideal for long days. With dimensions of 19.5 cm in diameter and 6.3 cm in height, its versatile design allows for use on tables or hung using an included hook, making it easy to place in different spaces. Its black and white color gives it a modern and functional look, suitable for any camping environment or outdoor activities.
