Brand: SIMON

Reference: SIMON 44623000-138

Customizable in-table kit with cover and brush, 2xUSB charger, 3 Schuko sockets and 2 empty elements, black Simon 400. The Simon 400 series is characterized by always providing the ideal solution in accessories for electrical systems embedded in furniture. For example, with the customizable in-table kit with cover and brush, 2xUSB charger, three Schuko socket bases and two empty elements. Designed in black, the materials of its structure guarantee non-flame propagation in case of fire and low toxicity in case of smoke emission thanks to the painted steel enclosure, anodized aluminum profile, covers and fasteners in self-extinguishing, halogen-free thermoplastic of its structure. With dimensions of 340x185x85mm, other of its characteristics are: Insulation resistance of >5 MO at 500 V, current of 16A, Wieland® gst18i figure connector with three male poles with 22 cm lead, voltage of 250 V and dielectric strength without perforation or contouring with 2000 V at 50Hz for 1 minute.
