Product sheet

Brand: SIMON

Reference: SIMON 44422000-138

Customizable in-desk kit from the Simon 400 series, in black, featuring a cover, brush, 2 USB chargers, 2 Schuko socket bases, and 1 empty element. It is installed flush-mounted in furniture; when fixing it, you only need to use the claws included in the kit or screws, which you will have to place in the available holes. Its dimensions are 295x185x85mm, and the following materials were used in its manufacture: painted steel for the enclosure, anodized aluminum for the profile, and self-extinguishing, halogen-free thermoplastic, which favors non-propagation of flames in case of fire and low toxicity in case of smoke emission. To clean this kit, you only need to wipe it with a soft, dry cloth and never use abrasive cloths or cleaners containing chlorine.
