Product sheet

Brand: SIMON

Reference: SIMON 44605000-138

In-table kit in black, from the Simon 400 series, customizable, and featuring a cover, brush, 5 Schuko socket bases, and 1 empty element. Its dimensions are 340x185x85mm and its elevation type is manual. Regarding materials, it is manufactured with a painted steel enclosure, an anodized aluminum profile, and covers and fasteners made of self-extinguishing, halogen-free thermoplastic, which guarantees non-flame propagation and low toxicity in cases of fire and smoke emission, respectively. It can be embedded in furniture; to fix it, use the integrated claws or screws, which are placed in the available holes, and it must always be installed in locations with a temperature between -5 and 60ºC, approximately. As for cleaning, to keep it in perfect condition, simply wipe it with a soft, dry cloth and never use abrasive cloths or cleaners containing chlorine in their formula.
