Product sheet

Brand: SIMON

Reference: SIMON 44604000-138

Customizable kit from the Simon 400 series, in black color, featuring a cover plate, brush, 4 bases for Schuko-type sockets, and 2 empty elements. The dimensions of this kit are 340x185x85mm, with a current rating of 16A and an operating voltage of 250V. To complete the installation of this kit (which can be recessed into furniture using claws or screws), it must be combined with Simon 400 functions (references 40 00XXX-03X). Its lifting type is manual, and access to the wiring is achieved via the brush. Cleaning is very simple: you only need to use a soft, dry cloth. Avoid using cloths or abrasive cleaners containing chlorine in their formula, as this could cause damage and lead to malfunction.
