Brand: SIMON

Reference: SIMON 46403000-138

Customizable in-table kit with 2-opening cover and brushes, 6 Schuko sockets and 2 empty elements, black, Simon 400. Safety in electrical installations is fundamental. Therefore, Simon manufactures this customizable in-table kit with 2-opening cover and brushes, 6 Schuko sockets and 2 empty elements, using materials such as halogen-free self-extinguishing thermoplastic, thereby guaranteeing non-propagation of fire and avoiding the creation of toxic fumes in case of fire. This 4-element piece features a manual lifting system and a three-pole male aerial Wieland® gst18i connector with a 22-centimeter pigtail. Manufactured for 250 volts and 16 Amperes of intensity. It has a dielectric strength without perforation or contouring of 2000 volts at 50 hertz for 1 minute. A product resistant to impacts, as it features a painted steel enclosure and an anodized aluminum profile. Thanks to this piece, we can integrate all our connections in a cutting-edge and efficient manner.
