Product sheet

Brand: SIMON

Reference: SIMON 44603000-130

Customizable in-table kit, in white, from the Simon 400 series, featuring a cover plate, brush, 3 Schuko socket bases, and 3 empty elements. Its dimensions are 340x185x85mm, and its lifting type is manual. Access to the wiring is achieved through the brush. It is suitable for flush mounting in furniture and can be fixed using the supplied claws or installed with screws in the available holes. It must always be installed in rooms with temperatures between -5 and 60ºC, approximately. It is manufactured with a painted steel enclosure, anodized aluminum profile, and covers and fasteners made of halogen-free self-extinguishing thermoplastic, which promotes non-flame propagation and low toxicity. Maintenance is quite simple; you only need to use a soft, dry cloth and never use abrasive cloths or cleaners containing chlorine.
