Description

High visibility softshell yellow fluorescent vest designed to improve safety in low-light environments or demanding working conditions. Made from 100% polyester fabric with TPU coating, it offers an ideal combination of durability, breathability, and comfort. The engraved polar inner film enhances both visibility and thermal insulation, ensuring protection under adverse conditions.

Technical Features

- Color: Yellow Fluorescent
- Size: L
- Material: 100% Polyester with TPU
- Inner Film: Engraved Polar Fabric
- Pockets: Two Side Pockets
- Compliance Standard: EN 20471

Its segmented design in two bands ensures optimized visibility from multiple angles, making it ideal for construction workers, emergency services, and security personnel. The combination of materials allows extended use without compromising comfort or protection during intensive work activities.

It is recommended to wash at 30°C and avoid use in extreme environments. The ergonomic design facilitates easy adjustment and enables free mobility during daily tasks while maintaining maximum visual safety.
