Product sheet

Brand: SIMON

Reference: SIMON 44503000-138

Customizable in-desk kit from the Simon 400 series, in black, featuring a cover, brush, 3 Schuko socket bases, and 2 empty elements. Its dimensions are 295x185x85mm and it withstands heat of over 70ºC, approximately. It has a current rating of 16A and operates with a power supply voltage of 250V. This kit is suitable for installation in furniture, flush-mounted, using the included claws, though it can also be fixed with screws by placing them in the available holes. For its manufacture, the housing is made of painted steel, the profile of anodized aluminum, and the covers and fasteners of self-extinguishing, halogen-free thermoplastic. To clean this kit, you only need to use a soft, dry cloth and avoid using cloths or abrasive cleaners containing chlorine in their formula, as this could cause damage and prevent it from functioning correctly.
