Product sheet

Brand: SIMON

Reference: SIMON 44403000-130

Customizable in-table kit with cover and brush, 3 Schuko sockets and 1 blank element, white Simon 400. Looking for quick access to all necessary connections? This is now possible thanks to this customizable in-table kit with cover and brush, featuring capacity for 3 Schuko sockets and a blank element. A metal piece with an aluminum finish from the avant-garde Simon 400 series. A series designed for installation in any type of environment, offering solutions to the most demanding audience at a very competitive price. Manufactured for a voltage of 250 volts and an intensity of 16 Amperes, its dimensions are 250x185x85 millimeters, and it features a manual lifting system for highly effective integration. All Simon products are manufactured with first-quality materials; an example of this is the painted steel enclosure, the anodized aluminum profile, and the halogen-free self-extinguishing thermoplastic that this kit possesses.
